Further details can be found within the OECD “Common Reporting Standard for Automatic Exchange of Financial Account Information” (the “CRS”), the associated “Commentary” to the CRS, and domestic guidance. Relevant information can be found at the OECD automatic exchange of information portal at <http://www.oecd.org/tax/automatic-exchange/>.

If you have any questions then please contact your tax adviser or domestic tax authority.

Account Holder The “Account Holder” is the person listed or identified as the holder of a Financial Account by the Financial Institution that maintains the account. This is regardless of whether such person is a flow-through Entity. Thus, for example, if a trust or an estate is listed as the holder or owner of a Financial Account, the trust or estate is the Account Holder, rather than the trustee or the trust’s owners or beneficiaries. Similarly, if a partnership is listed as the holder or owner of a Financial Account, the partnership is the Account Holder, rather than the partners in the partnership. A person, other than a Financial Institution, holding a Financial Account for the benefit or account of another person as agent, custodian, nominee, signatory, investment advisor, or intermediary, is not treated as holding the account, and such other person is treated as holding the account.

Active NFE An Active NFE if it meets any of the criteria listed below. In summary, those criteria refer to:

- active NFEs by reason of income and assets;
- publicly traded NFEs;
- Governmental Entities, International Organisations, Central Banks, or their wholly owned Entities;
- holding NFEs that are members of a non-financial group;
- start-up NFEs;
- NFEs that are liquidating or emerging from bankruptcy;
- treasury centres that are members of a non-financial group; or
- non-profit NFEs.

An entity will be classified as an Active NFE if it meets any of the following criteria:

- a) less than 50% of the NFE’s gross income for the preceding calendar year or other appropriate reporting period is passive income and less than 50% of the assets held by the NFE during the preceding calendar year or other appropriate reporting period are assets that produce or are held for the production of passive income;
- b) the stock of the NFE is regularly traded on an established securities market or the NFE is a Related Entity of an Entity the stock of which is regularly traded on an established securities market;
- c) the NFE is a Governmental Entity, an International Organisation, a Central Bank, or an Entity wholly owned by one or more of the foregoing;
- d) substantially all of the activities of the NFE consist of holding (in whole or in part) the outstanding stock of, or providing financing and services to, one or more subsidiaries that engage in trades or businesses other than the business of a Financial Institution, except that an Entity does not qualify for this status if the Entity functions (or holds itself out) as an investment fund, such as a private equity fund, venture capital fund, leveraged buyout fund, or any investment vehicle whose purpose is to acquire or fund companies and then hold interests in those companies as capital assets for investment

purposes;

e) the NFE is not yet operating a business and has no prior operating history (a "start-up NFE") but is investing capital into assets with the intent to operate a business other than that of a Financial Institution, provided that the NFE does not qualify for this exception after the date that is 24 months after the date of the initial organisation of the NFE;

f) the NFE was not a Financial Institution in the past five years, and is in the process of liquidating its assets or is reorganising with the intent to continue or recommence operations in a business other than that of a Financial Institution;

g) the NFE primarily engages in financing and hedging transactions with, or for, Related Entities that are not Financial Institutions, and does not provide financing or hedging services to any Entity that is not a Related Entity, provided that the group of any such Related Entities is primarily engaged in a business other than that of a Financial Institution; or

h) the NFE meets all of the following requirements (a "non-profit NFE")

i) it is established and operated in its jurisdiction of residence exclusively for religious, charitable, scientific, artistic, cultural, athletic, or educational purposes; or it is established and operated in its jurisdiction of residence and it is a professional organisation, business league, chamber of commerce, labour organisation, agricultural or horticultural organisation, civic league or an organisation operated exclusively for the promotion of social welfare;

ii) it is exempt from income tax in its jurisdiction of residence;

iii) it has no shareholders or members who have a proprietary or beneficial interest in its income or assets;

iv) the applicable laws of the NFE's jurisdiction of residence or the NFE's formation documents do not permit any income or assets of the NFE to be distributed to, or applied for the benefit of, a private person or non-charitable Entity other than pursuant to the conduct of the NFE's charitable activities, or as payment of reasonable compensation for services rendered, or as payment representing the fair market value of property which the NFE has purchased; and

v) the applicable laws of the NFE's jurisdiction of residence or the NFE's formation documents require that, upon the NFE's liquidation or dissolution, all of its assets be distributed to a Governmental Entity or other non-profit organisation, or escheat to the government of the NFE's jurisdiction of residence or any political subdivision.

Note: Certain entities (such as U.S. Territory NFFEs) may qualify for Active NFFE status under FATCA but not Active NFE status under the CRS.

Control

"Control" over an Entity is generally exercised by the natural person(s) who ultimately has a controlling ownership interest (typically on the basis of a certain percentage (e.g. 10%)) in the Entity. Where no natural person(s) exercises control through ownership interests, the Controlling Person(s) of the Entity will be the natural person(s) who exercises control of the Entity through other means. Where no natural person or persons are identified as exercising control of the Entity through ownership interests, the Controlling Person of the Entity is deemed to be the natural person who holds the position of senior managing official.

Controlling Person(s)

"Controlling Person(s)" are the natural person(s) who exercise control over an entity. Where that entity is treated as a Passive Non-Financial Entity ("Passive NFE") then a Financial Institution is required to determine whether or not these Controlling Persons are Reportable Persons. This

definition corresponds to the term “beneficial owner” described in Recommendation 10 and the Interpretative Note on Recommendation 10 of the Financial Action Task Force Recommendations (as adopted in February 2012).

In the case of a trust, the Controlling Person(s) are the settlor(s), the trustee(s), the protector(s) (if any), the beneficiary(ies) or class(es) of beneficiaries, or any other natural person(s) exercising ultimate effective control over the trust (including through a chain of control or ownership). Under the CRS the settlor(s), the trustee(s), the protector(s) (if any), and the beneficiary(ies) or class(es) of beneficiaries, are always treated as Controlling Persons of a trust, regardless of whether or not any of them exercises control over the activities of the trust.

Where the settlor(s) of a trust is an Entity then the CRS requires Financial Institutions to also identify the Controlling Persons of the settlor(s) and when required report them as Controlling Persons of the trust. In the case of a legal arrangement other than a trust, “Controlling Person(s)” means persons in equivalent or similar positions.

Custodial Institution	The term “Custodial Institution” means any Entity that holds, as a substantial portion of its business, Financial Assets for the account of others. This is where the Entity’s gross income attributable to the holding of Financial Assets and related financial services equals or exceeds 20% of the Entity’s gross income during the shorter of: (i) the three-year period that ends on 31 December (or the final day of a non-calendar year accounting period) prior to the year in which the determination is being made; or (ii) the period during which the Entity has been in existence.
Depository Institution	The term “Depository Institution” means any Entity that accepts deposits in the ordinary course of a banking or similar business.

FATCA creates a new information reporting and withholding regime for payments made to certain non-US financial institutions and other non-US entities.

Legal Entity Identifiers: Frequently Asked Questions

What is an LEI?

- An LEI is a unique 20-character alphanumeric code that is assigned to each legal entity globally.
- The LEI system is overseen by the Global LEI Foundation (GLEIF), a not-for-profit organization established in Switzerland in June 2014. A wealth of information about the GLEIF and the LEI system can be found at www.gleif.org. The site also includes the full database of all LEIs issued.

Who needs an LEI?

- The vast majority of entities participating in the financial markets, whether cash, derivatives or financing markets, will need an LEI in order to comply with applicable laws and regulations.
- If your organization has multiple legal entities, each will require its own LEI.

What are we asking you to obtain an LEI?

- The requirements to obtain an LEI began with G20 ministers who mandated the global reporting of all swap transactions in 2010. There are now over 50 rules or regulations globally that mandate or request the LEI under a broad spectrum of financial transactions. By way of example:
 - Many rules require that parties be identified via LEI in transaction reporting.
 - EU Regulations such as European Market Infrastructure Regulation (EMIR), Securities Financing Transactions Regulation (SFTR) and Markets in Financial Instruments Regulation (MiFIR) broaden the types of transactions that are subject to LEI reporting to include securities financing transactions and cash securities, among others.
 - Importantly, under Markets in Financial Instruments Directive (MiFIDII), certain services cannot be provided to clients that can, but did not, obtain an LEI.
 - New rules are being proposed, such as the SEC's Investment Company Reporting Modernization rule, further broadening the scope of the requirement to identifying entities via LEI.
 - The list of regulations requiring an LEI is available at www.gleif.org.
- Additionally, LEIs are used for execution of certain processes such as completing the International Swaps and Derivatives Association (ISDA) protocols for certain types of trading activity. J.P. Morgan also plans to request LEIs as part of the Credit Support Annex (CSA) re-documentation process in relation to regulatory margin requirements for uncleared derivatives transactions.

What are the benefits of an LEI?

- Standardization of information is critical for all financial market participants in both the public and private sector.
- The regulatory landscape has shifted and the demand for industry supervisors to have appropriate, usable data is clear. A standard legal entity identifier will allow regulators to conduct a more accurate analysis of global systemic risk across markets, products and regions, and identification of concentrations and emerging systemic risks.
- Use of the LEI also allows parties to comply with applicable laws and regulations.

How does my company request an LEI?

- Companies contact their preferred business partner from the list of LEI issuing organizations – also referred to as Local Operating Units (LOUs). There are 29 LOUs, around the world. Links to the LOUs are available at www.gleif.org.
- An LEI is usually issued within 24 to 48 hours of application. Initial registration costs are approximately \$150-200. Annual renewal at approximately half the initial registration cost is required.

- The LEI registration process requires the following information:

Entity Name and Legal Form

- Official Entity Name
- Legal Formation Country
- Legal Form

Business Registry

- Country of Business Registry
- Official Business Registry
- Official Business Registry Reference

Headquarters Address

- Address of Headquarters
